Arizona 2009 Spring Draw Recommendations & Draw Procedures

Arizona has suspended the on-line application for all hunts indefinitely. Only paper applications can be submitted for all species. The application deadline for Spring Turkey, Javelina, Bear and Buffalo is **Tuesday, October 14th, 2009**. If you are a non-resident hunter, wishing to apply for both Spring Turkey and Javelina, please print the attached **08 License Letter (unchanged for 09)** and submit the letter application for your 2009 hunting license as soon as possible. If you wish to only apply for either Turkey or Javelina, and not both, you can simply apply for your license on the same application you are using to apply for your permit. That application is also attached as **2008 Hunt Application (unchanged for 09)**. Up to four hunters may apply on the same permit application. Please be sure to include the proper fees, and only send an application for one genus in each envelope.

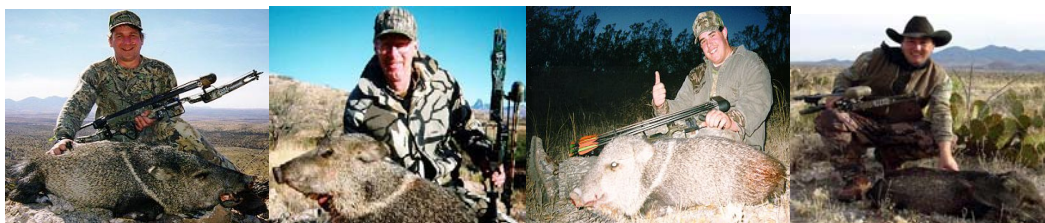

If you have already booked a combination hunt for Javelina & Deer for 2009, please email us for specific hunt recommendations prior to applying. Please note, you will need to apply for Javelina in the current draw, and then purchase your deer permit with the **08 License Letter**, or at Walmart upon arrival. Once you receive your license, you may send a copy of the license with the **08 License Letter** to obtain your deer permit by mail. Please email with any questions...GlennB@huntsofalifetime.com

DEADLINE: OCTOBER 14, 2009

JAVELINA

ARIZONA ** RIFLE * MUZZLELOADER * HANDGUN * FEBRUARY
ARCHERY * JANUARY (CONCURRENT WITH ARCHERY DEER)

This minimum two day hunt is one of our favorites. We hunt out of base camps accessible by 4 x 4 vehicles in the mountains and desert floor of southeastern Arizona. The archery hunt in January can be paired with archery Whitetail or Mule Deer (Archery Safari) for a slight additional fee negotiable at time of booking. These hunts are designed for either *one on one* or *two on one* and we can accommodate groups of up to eight hunters per camp. Javelina permits are issued by draw only with an October application date; however, some permits are often available first come/first served up until the day of the hunt. Large groups of up to fifteen hunters can be accommodated on an outfitted camp/limited-guiding basis depending upon availability.

MERRIAM'S & GOULD'S WILD TURKEY

ARIZONA * NEBRASKA * NEW MEXICO * MEXICO ** SHOTGUN * ARCHERY ** SPRING HUNTS ONLY

These minimum three day hunts in Arizona, private ranch land in southwestern New Mexico, the Pine Ridge of Nebraska, and old Mexico (Gould's) occur during the peak of the breeding season in April and May. This hunt pairs the hunter against the gobbler at very close range with excited birds ready for love. All hunting is done by calling only. We will not allow rifle hunting for turkeys on our hunts due to safety reasons. These hunts are conducted from wall or dome tent base camps or ranch house accessed by 4 x 4 vehicles. Permits are by draw in Arizona (October application date) and are *over the counter* in New Mexico, Nebraska, and old Mexico. A second bird may be harvested in New Mexico or Mexico for a slight additional fee negotiated at time of booking. These hunts are guided *one on one*, but *two on one* is available at a reduced rate negotiable at time of booking. Hunters should be in good to excellent condition as some sprinting may be involved in a successful harvest. Note: Hunter education is recommended but not required for Turkey hunting with Hunts of a Lifetime.
